The ***Connecting with the Arts*** course is designed around Annenberg/CPB Professional Development Workshops. This self paced course provides middle school teachers with opportunities to effectively integrate the arts with other subjects. The eight videos demonstrate a variety of approaches for creative learning experiences using several instructional models and various types of curriculum connections. This collaborative approach shows teachers how to plan with colleagues, design instruction, and evaluate student learning.

All class meetings will take place through distance learning. The instructor and participants will communicate via Moodle — the course platform on the Internet. Assignments and discussion forums will be facilitated in Moodle.
